

# Woollooware Dental

**Welcome to Woollooware Dental, the practice of Dr Stephen Blatchford and his team.**

We are pleased that you have chosen our office for your dental care. This letter is a way of introducing ourselves to you so that you can better understand our philosophy and approach to dental care and answer any questions you may have.

Our goal is to deliver you quality dental treatment in a pleasant and professional manner. We believe a beautiful healthy smile is an important part of your life. We use the most recent technology and techniques available to achieve and maintain the best results for you.

**On your first visit**, we will review your medical and dental history and perform a comprehensive examination of your mouth. Necessary records will be taken including radiographs and photographs of all the teeth and face. We also want to find out what your expectations are so we can then discuss potential treatment options and fees and answer any questions you may have to devise a personalised treatment plan.

To make your visit more comfortable we offer a range of beverages, analgesics before treatment, and a hot towel after treatment.

To assist us in gathering all the information required we have enclosed a medical history form, which we ask that you complete and bring with you at the time of your appointment.

Thank you again for choosing our practice. We know you will find our office to be pleasant and professional every time you visit us. We look forward to seeing you at your appointment.

Yours Sincerely

Dr Stephen Blatchford & Team
